WE'VE BEEN BUSY!

On Sunday 2nd April secondary students participated in their first value day of the year, 'Connecting with the Community!' 12 senior members of our community gave up their morning to talk with the students, sharing their wisdom, unique life experiences and interesting stories. The students were then encouraged to reflect over their discussions and record snippets of what they had learnt from our elders and how they were inspired by their life experiences. Both the seniors and secondary students had a brilliant time, as did the staff! Here are a few things mentioned by our seniors:

'Allah gave me 3 roosters and no hens'. 'Let me tell you how I managed to get a selfie with Boris Johnson'. 'You guys should all go snowing in Sweden!' 'When I was refereeing a professional international football match in Sudan, I was given death threats at half time'. The light hearted conversations were accompanied by some serious/inspiring life advice on the importance of having a goal in life, dressing appropriately, the importance of teamwork and respecting elders and teachers. Thank you to our seniors, who are the STARS of our community.

RAINBOW JELLIES

Ingredients

- 1 packet of raspberry or strawberry jelly
- 1 packet of orange jelly
- 1 packet of pineapple or mango jelly

Method

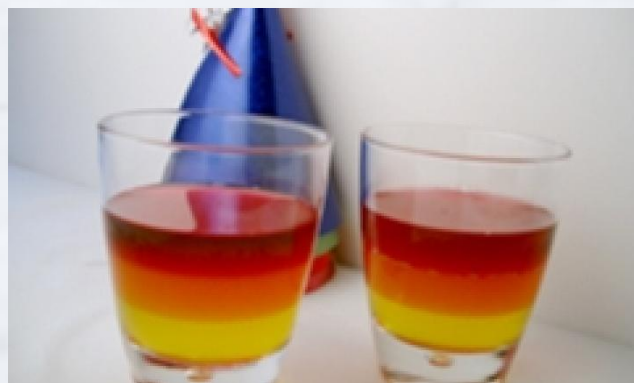

Prepare yellow jelly and pour into a large glass bowl. Refrigerate until set (will take about 4-6 hours). Prepare orange jelly, allow to cool and pour gently on top of yellow jelly, return to fridge until set. Prepare red jelly, allow to cool and pour on top of orange jelly, return to fridge until set.

Notes

This is a simple idea that the kids can help with (but not with the hot water part!) and they will love being involved in the colour selection. More colours can be used for a more colourful jelly.

Vary this recipe by stirring in some colour coordinated fruit into the layers as you go or make individual serves - 1/4 cup of each flavour per layer.
