Economic Upliftment of our members is key to ensuring a successful Community. Address unemployment, encourage members to conduct business with each other, and support those who are experiencing economic hardship	Ensure effective Management of Investment Portfolio. Also ensure management of Finance Operations and creating a strategy to ensure Finance self- sufficiency in the long-term	Facilitate Spiritual Growth and Religious Education by organising relevant events and courses, selecting speakers and topics, communicating with members about these and any other means at their disposal	Ensuring effective running of all our Programmes and day-to-day services	Providing Secular education services for members and non-members, also an important revenue stream. Ensure advancement of Secular Education for the Community, identifying and addressing any gaps	Discharge the social responsibility of the Organisation, which includes well-being of our neighbors and the wider Community, as well as responsibility to the environment. Includes networking with other organisations, and politicians to achieve these goals	Creating space for members to socialize which will in turn potentially enhance community spirit	Provide an effective platform where members can learn and develop with regards to various challenges they may be experiencing, across all stages of their life. The only exception is Welfare, which would be dealt with by Economic Development
